Uncle Bonny. Where do I begin? There is so much to say and thank you for. I guess I can start by thanking you so much for everything you did and everything you are doing for me. I also want to thank you on behalf of all the Namibian people you are helping, we really appreciate it.

Uncle Bonny thank you so much for your inspiring and motivating words you tell me everytime, I will always cheers them. Uncle Bonny I wish the world had more people like you, your wife and our German friends with which caring heart. It would have been a better place! Thank you very much for all of you that sacrifice you time on Saturday, just to put smile on those people's faces. It really means a lot. THANK YOU VERYMUCH.

Best regards

Namutenya
